# Ultimate Farrowing Crate

Designed for the Professional Producer who demands the best technology.

**Our Flagship Crate – designed to maximize adjustability!**

**It features the most advanced design available anywhere!**

**Available in 7' and 7'6" Painted 7/8" Solid Rod.**

## Available with these great features:

### Stainless Steel Feeder

A flat bottom allows the sow easier feed intake. Comes standard with a Hi/Low Sow and Piglet Nipple Waterer – or you can choose the optional Wet Feeder with nipple mounted inside the feeder. SS cup waterers are another option. **IT'S YOUR CHOICE!**

### Saloon-Style Rump Guard

...allows easy loading of sows. No rods or clevis pins are needed. Lift up and push forward to open, pull back to close. **IT STAYS IN PLACE!**

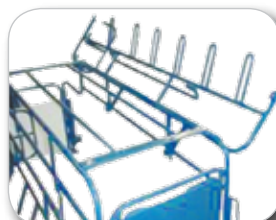

### Simple latch system

Holds the feeder in place and makes it easy to clean! Our front door is pre-punched for the lactation feed system of your choice. Captured rod hinges allow you to open the door either way and is **ANIMAL WELFARE FRIENDLY!**

### Solid-rod Rear Door

Constructed of **7/8" solid rod steel** for strength and corrosion resistance. It comes with a plastic rear door panel, standard. Lift the rear door to clear out behind the sow without opening the door or fumbling with latches.

### Flip-up Sides

...allow the **easiest** and **safest** access for removal of mortalities!

### Loop Finger Bars

Placed precisely for excellent teat access and pig protection. The loop shape is more animal welfare friendly. **ANTI-CRUSH BARS** come standard and help save more pigs!
